Black is a color just like white.
Black is happiness and being glad that you are
black.
Black is being proud of your color and
yourself.
Black is going to the army and getting shot
down.
Black is helping the welfare.
Black is glad that Cassius Clay became
Muhammad Ali.
Black is working for what you want to be.
Black is saying that what men are trying
To be the leaders in everything.
Black is wearing a natural, and white
Is wearing a shag.
Black is having to have an education
To become famous.
Black is having a job and working for your
family.
